

GOD'S PEACE

We search the world,
for things we can touch
things we can hold
but they don't mean much.

Things that make us
feel happy inside
things that make
our sorrow hide.

The **thing** we seek
that's so hard to find
is God's peace
the restful kind.

Peace that fills
your deepest needs
Regardless of where
our Lord leads.

Our Father provides
an unending supply
when from His well
we learn to rely.

We can find God's peace
in knowing God grace
We can find God's peace
knowing we will see His face

We can find God peace
His word fills the gap
We can find God peace
with our bible on our lap.

We can find God's peace
spending time on our knee's
prayer helps us see

what God see's.

We can find God's peace
His plan is worthy of trust
To find God's peace
serving others is a must

See, joy comes
from inside the heart
the things of this world
will soon depart.

So find pure joy
in the things God has done.
To trust in Him
the battle is won.
